5. Competitive Promotions

25X1 CIA Regulation [] dated 29 November 1956, was reviewed by the board; this included a briefing by the Personnel Placement Officer on this new regulation (The board had earlier in this quarter inventoried all SD:SN positions throughout the world.). Several significant questions evolved from the discussion of this regulation, and the Placement Officer was asked to relay to the Director of Personnel the board's feeling that certain Medical Staff personnel should have more detailed instruction on this regulation in order that the new promotion system may be properly implemented.

6. Career Planning for Individuals

25X1 CIA Regulation [] dated 13 November 1956, was reviewed by the board, and plans were approved for the initiation of Career Preference Outlines for SD:SN personnel at headquarters in grades GS-11 and GS-12 who are members of the CIA Career Staff.
